

# Authorized Vendor in State of New Jersey to provide e-Ticketing Solutions

Introducing NJ ForCite: A cloud-based, comprehensive solution that brings speed and accuracy to traffic enforcement. Offering user-friendly and efficient data capture for patrol officers, and a robust back-office software suite for your support staff, NJ ForCite is the future of traffic enforcement.

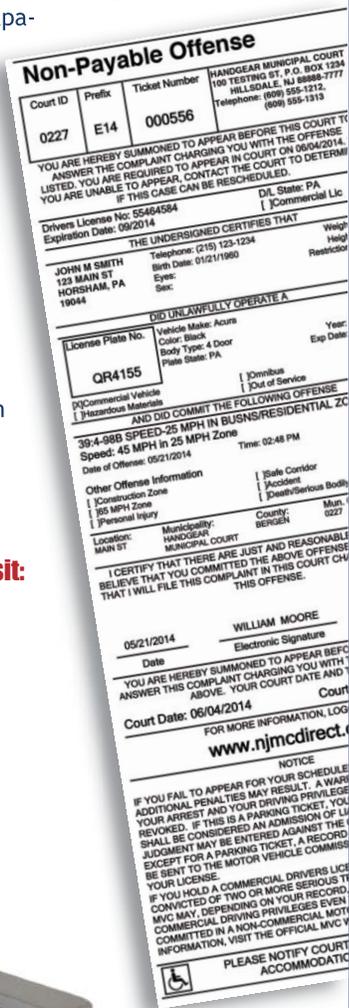

## SOFTWARE

NJ ForCite is a simple, efficient, and affordable solution for law enforcement featuring; license and registration scanning, intuitive auto-fill fields, photo attachment capability, and role based access. NJ ForCite redefines efficiency with this “all in one” solution. Use NJ ForCite as a standalone solution for issuing traffic tickets or add our proven ToCite solution to include parking enforcement. Either way, the task of issuing traffic and parking tickets will never be the same!

## HARDWARE

Concerned about the high cost of hardware? Not with NJ ForCite! Our cloud-based solution runs on existing Mobile Data Terminals. All that’s required is Internet access, a printer, and scanner.

**For a full list of mobile hardware solutions visit:**

## THE SOLUTION

With no per ticket costs, and no annual maintenance and support fees, NJ ForCite software creates an affordable, time and money saving partner that streamlines traffic enforcement; while integrating seamlessly into your existing systems and databases. Our low monthly per use fee is designed to insure that you purchase only what’s needed to get the job done, and nothing more. When tough times demand that law enforcement executives “do more with less,” NJ ForCite can help. Let United Public Safety’s innovative approach to ticket management eliminate the need to enter paper tickets into multiple databases. With NJ ForCite, all of your data is captured at the moment the ticket is issued. We like to think of it as a “force multiplier,” that allows you to redirect existing manpower to where it’s really needed! Here are just some of the features and benefits:

FEATURES	BENEFITS
Driver’s License and Registration Scan/Populate	Accurate Proof of Violation for every ticket. Fewer disputes.
Attachable, Photographic Evidence	Improved Violation Enforcement
Location Based (GPS) Technology capable	Lower Court Costs / Time AOC / DMV Integrated
Easy to read, Weatherproof / Archival Printed Ticket	Faster Ticket Issuing from start to finish
One time data capture	Eliminated Redundant data entry = increased productivity
Lease or Purchase Options Available	Affordable and Effective Solutions for a Department of One or One Hundred. Monthly per user license fees allow you to purchase only what you need to get the job done—nothing more
Cloud Based Total Ticket Management System	No servers—No Local IT Support
Compatible with most existing MDT configurations, including Laptops and Tablets	Solution can be designed to suit your individual requirements and can integrate easily with your existing systems

**NO PER TICKET COSTS**

## UPSafety CLOUD

All of our solutions are based entirely upon our "cloud" with MDT's and mobile devices that are interfaced through the internet. Solutions do not require on-site servers, backup systems, updates, or any other typical IT support. The only requirements are an internet connection and a computer running a browser. We and all of our partners utilize state of the art security. Our Cloud has obtained the ISO/IEC 27001:2005 certification for Information Security Management, so you can be sure your data is safe and secure 24 hours a day. For more on our security measures visit our website.

## ABOUT US

At UPSafety, we get it! We know that in law enforcement, time is of the essence. We know you need to complete tasks in a cost-effective and efficient manner, and that's why we're on a mission to bring traffic and parking enforcement, permit issuance, and back-office management into the 21<sup>st</sup> century. Put the power of cloud-based computing, and our proven, dependable hardware to work for you!

## SUPPORT

We strive to get our clients up and running in hours, not days. With our 24/7 support lines, no question or issue will go unanswered. From the street to the back office we understand the issues and are ready to help in any way.

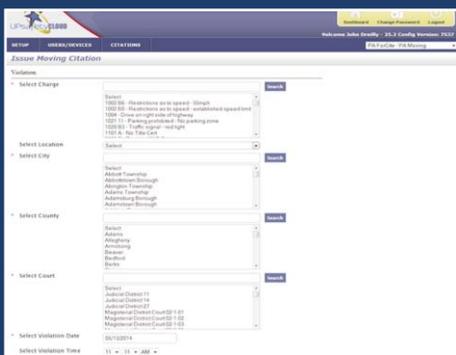

**REDUCED COSTS**

**INCREASED EFFICIENCY**

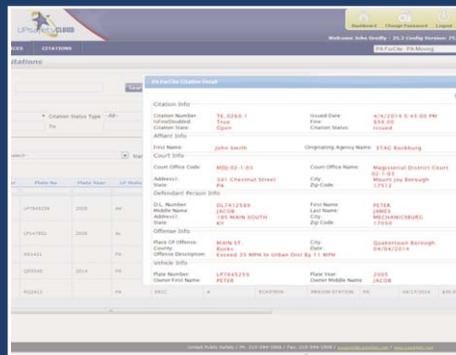

**IMPROVED OFFICER SAFETY**

## STEP-BY-STEP
