Standard options:
Art area TEXT and LOGO colors will be white on dark colors; black on light colors

Custom options:
Can have a second line of custom text--both lines of text will be reduced to fit.

All white or black logo recommended, multiple color logo options available (added cost). Artwork review required for all logos.

Submitted logo art must have resolution of at least 300dpi (or a vector image) and be saved at printed size.

Questions to answer:

How many lines of text does the customer require?

What text does the customer want to be printed?

What background color does the customer want?

How many colors is their logo (additional cost after white or black)?
